

Michele Salvador

Software developer

I've always been passionate about IT: my first experiments with a website date back to the mid-1990s. I love diving into code and developing it so that everything flows together into a seamless user experience. I'm looking for work as a web or mobile developer, both remotely and in person.

Experience

- 2018 – today **Java/Kotlin developer** – Personal project
Family Gem: open-source genealogy app for Android written in Android Studio and regularly updated.
- 2020 **Front-end developer** (stage 480 hours) – Be.Family, Venice
WordPress (HTML, CSS, PHP, JS, jQuery, React, MySQL),
WooCommerce, Shopify (Liquid).
- 2017 – 2019 **Employee** – ISP Cooperative, Informacittà Conegliano
Front- and back-office activities: welcoming users of the Municipal Reading Room, data entry, and compiling resumes.
- 2006 – 2015 **Freelance web-designer** and artistic painter – Self-employed
Developing a personal website to promote my paintings.
- 1999 – 2005 **Web developer** – Studio Blueletterico, Milan
Co-founder of the web agency, graphic layouts, website development (HTML, CSS, JS, PHP, MySQL, Flash) especially with Dreamweaver.
- 1995 – 1998 **Graphic designer and cartoonist** – Shok Studio, Milan
Photoshop, Freehand.

Portfolio

- 2018 – today **Family Gem** – Personal Java/Kotlin project
